Zap Copy is a not-for-profit printing service and retail shop.

We offer quality printing and supplies for students and the local community. As part of the University of Victoria Students' Society, all profits go back to students in the form of advocacy, events, and other services.

Our team of current and former UVic undergrads understands that student life is about more than just school-work. We're here to show you how to do more than print an essay; our goal is to provide a creative, supportive space that celebrates the diversity of our community.
